9. Statement of Project Goals and Objectives:

Two culverts on road 38-7-34A prevent coho salmon and steelhead trout from migrating to historical spawning areas. These species will benefit from this project by increasing habitat. Culverts are approximately 25 years old and in need of replacement.

10. Project Description: (Provide concise description of project and attach map.)

Two culverts in section 34 would be replaced to provide fish passage and increasing accessible spawning habitat. Culverts would be upgraded and sized to meet BLM 100 year flood requirements and provide natural creek bottom for fish habitat and migration. A bypass road will be constructed to allow traffic movement while construction is in progress. All other work will be confined to the road prism.
